

Black is our notes – Red is directly off the HUB website....

To be legal the company must sell product – you purchase a training kit for \$49 and then the \$99 per month is actually a purchase of a business - called a monthly global empowerment subscription. (40% of that goes to charitable giving but “legally” you are purchasing the products.)

As a HUB Charter Ambassador, you'll operate your own home-based business, share the HUB opportunity with others and as an added benefit, be able to resell HUB personal empowerment programs and products and earn affiliate commissions. **The only required purchase to become an Ambassador is the purchase of a Kick-Start System (Starter Kit) for \$49.00 USD** that includes your personal HUB website, custom HUB email address and training package. Then on your annual anniversary date, you will have the option of renewing your custom website and email address for only \$29.00 annually thereafter.

(The Training Kits or Starter Kit will be mailed after launch, June 21st They have not had an official kick start package yet.)

Enrollment Options

All ambassadors purchase a training kit for \$49 (except in North Dakota where by law the training kit is optional).

Along with the training kit, **you can choose to purchase any or all of the following:**

- A \$100 Global Empowerment Program
- A \$33 or \$99 monthly Globally Empowerment subscription
- A Live Event registration for \$400 to attend the Awakening the Brilliance live event.

When you purchase a Global Empowerment DVD/CD/CD-Rom Program and a monthly Globally Empowerment subscription at time of enrollment, you will be credited with PEV for that month to be “active” to earn commissions and bonuses.

There will be a separate Empowerment Package for \$100 available later but will NOT be a required purchase. If you sell any of HUB products to others, i.e. Conference tickets, etc. you must give a receipt. BUT sales are not required.

Your Change Catalyst Empowerment HUB (\$99) will include:

- **HUB's Network Connector**
- **HUB's Viral Marketing Center**
- **Your Global Map of Change**

PLUS...

- **Personal, Business & Humanitarian Education** from the world's top success coaches, trainers, and soul guides you can access from the comfort of your home or business.
- **Circle of Brilliance Mastermind Group** to support you in helping you achieve your goals and aspirations.

Ambassador price = \$99.00 per month

Retail Customer price = \$123.75 per month

Your monthly purchase will enable HUB to:

- **Feed 3 Child**
- **Educate 3 Child**
- **Provide Clean Water for 10 People**
- **Provide Environmental Sustainment for 16 People**

Following is the Compensation Chart. Everyone **MUST personally enroll somebody at minimal \$33/month to get to the first level of payback.** (Referred to as Personal Empowerment Volume of 33, due to operating in other countries with different currencies they do not refer to dollars but PEV)

If you choose to actively work the organization and build your HUB business, you may find that it's more fulfilling than traditional MLMs.

1. Unlike traditional MLMs, **HUB does not require you to sell anything** nor does it rely on selling a product to survive. Instead, HUB depends on you sharing your passion for changing the world. **If you choose to focus only on enrolling people who want to give to humanity, you will be very successful and very giving!**
2. The nature of HUB is to **enroll people in monthly empowerment training which, in turn, triggers monthly giving.** Once someone is enrolled, your only job will be to encourage them to share with others. There is no need to convince them, or re-sell them, after the first enrollment.
3. **If you choose** to share HUB products or products from other HUB members, you will be sharing products specifically designed to contribute and make a positive change in the world. We do not sell products built solely for profit, but rather on the personal impact those products or programs make on the person purchasing.
